STEERING COMMITTEE FORMED FOR MIDDLE INTERVAL MEETING HOUSE

On Sunday, Sept. 17, approximately 25 persons interested in preserving the Middle Intervale Meeting House gathered on the site to determine what might be done to save the 162 year old structure. It was decided to form a 10-member Steering Committee to determine what further steps might be taken in the preservation effort. Volunteers for the committee were requested from the group assembled and members to date include Augustus Carter, Ernest Holt, Sue Chamberlin, Stephen Seames, Geraldine Howe, Elizabeth Carter, and Stanley Howe. A meeting of the Steering Committee will be held this Sunday at the Moses Mason House at 2 p. m.

The Middle Intervale Meeting House, the town's oldest surviving church building was constructed in 1816 and once called a Union Church since it was jointly owned by the Methodists and Baptists. The town of Bethel contributed \$200 to its construction costs and for a number of years town meetings were held here.

The building was originally two stories high with a belfry and very tall spire, but about 1834, before the interior was finished, it was remodeled and cut down one story.

In later years, when church members became scattered, some residing in Rumford, Hanover, and Newry, as well as Bethel, it was decided to build union churches at North Bethel and at East Bethel. Services were conducted at all three churches.

In 1857 the Baptists outbid the Methodists by one dollar at public auction and gained control of the church building. The meeting house was re-dedicated in 1858.

A Sunday School was organized in 1881 during the pastorate of Rev. William Beavins.

The last wedding to be held here was that of Mabel Kimball and Edward Bean, Sept. 3, 1892. The meeting house was last papered and painted inside and out in the early decades of this century by Millard Clough.

In 1971, the church building after much work by volunteers was opened to visitors during the Homecoming Day activities.

Come in and register for a free permit to be given away Oct. 20.

15 BETHEL AREA BUSINESSES JOINS U. S. PROGRAM TO PROMOTE CANADIAN TOURISM

On Sept. 20, the Greater Bethel Chamber of Commerce notified the Maine State Publicity Bureau that 15 area businesses including lodgings, restaurants, retail merchants and recreational attractions will join the U. S. Travel Service's special November promotion of Canadian tourism. Called the "1-4-1 Program" by the Travel Service, it means that participants will accept Canadian currency and travelers checks at par with the U. S. dollar in order to stimulate Canadian business in the areas of Maine, New Hampshire, Vermont and up-state New York.

Participating businesses in the Bethel area are as follows: The Barn Motel, Bethel Spa Motel, Conrad's Tourist Home, Charlie's Place, Spa Restaurant, The Sudbury Inn, The Sunday River Inn and Ski Touring Center, Sunday River Ski Area, The Cellar, The Brass Buckle and The Fashion Basket, Bonnama Pottery, Brown's Variety, The Gem Shop, Prim's Rexall Drug Store and The Wherehouse.

The local chamber will forward any additional listings for inclusion in the program if other merchants decide that they want to join those listed above.

INDEPENDENT CANDIDATE FOR CONGRESS ADDRESSES ROTARIANS TUESDAY

On Tuesday, Sept. 19, the Bethel Rotary Club heard Fred Whittaker, independent candidate for Congress in the Second Congressional District, outline his qualifications for representing the District and why, in his opinion, he is better qualified for the office than his principal opponents, Mark Gattley and Olympia Snowe. In his delivered remarks, Whittaker declared that the state and the country do not need a constitutional amendment limiting taxes or spending. Instead, his position on tax limitation is that election of legislators and executives with insight and good judgment is the best answer to an issue based on fluid circumstances and evolving social, economic and cultural demands.

Whittaker also explained that he believed his running as an independent freed him from some of the major party positions with which he either disagreed or could not support in good faith. He stated that he would like to represent his district based upon his experience and judgment gained over a varied career which included positions in management, the legislature and the responsibility of running the Bangor Theological Seminary.

As a distinctive plank in his campaign platform, Whittaker is for restoring rail passenger service to Maine. He believes, that by upgrading the Boston-Portland-Bangor tracks, fast passenger and freight service could be made profitable, thereby greatly improving transportation services, adding to the job base, saving energy and stimulating economic development.

In the questions following Whittaker's talk, Rotarian Ed Quinn brought out that rail passenger service into the state's recreational areas such as Bethel had been proposed to AMTRAK and should not be overlooked if the candidate was to effectively represent the entire District's interest.

BETHEL RECREATION BOARD HELD MEETING SEPT. 19

On Tuesday, Sept. 19, the Recreation Board met in special session to discuss the budget for the upcoming year. Program directors of the 1978 programs attended to submit their budget requests and to discuss specific needs and problems of these programs. The two programs receiving the most concern are the Cross Country Youth Ski program headed by Ginger Kelly and the Ice Skating Rink which was non-existent in the winter of 1977-78. The Bill Koch X-C Ski League was also discussed. It seems these programs are receiving a lot of public interest but basic functional problems are keeping them from performing at their best.

It was decided to meet again on Thursday, Oct. 5 (7:30 p. m. at the town office) to further discuss these problems and to address any other potential programs for the 1979 seasons. Any persons who are currently thinking about future recreational programs or special recreational events are urged to attend this important budget meeting.

Once funds are appropriated it will be nearly impossible for the board to act on additional programs.

The Recreation Board has also been taking preliminary steps in developing its comprehensive Five Year Plan, which includes land acquisition for a multi-use recreational area. This land is being considered in-town Bethel. Any person with any ideas on this subject is invited to make comment.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen met in special session Monday evening, Sept. 18, at the Town Office. The purpose of the meeting was for the Board to develop a list of projects and activities that need attention by the Town during the next few years. This list, together with suggestions from the general public and local government staff, will serve as the basis for the development of the 1979 Municipal Budget. We urge all citizens to think of projects or activities, both general and specific, that should be considered for action by the Town during the next few years, and to write a note to the Town Office giving us your ideas and suggestions. Citizen input is vitally important in helping us set priorities, making the best use of federal, state, and local resources, and maintaining a stable tax rate.

The Selectmen will meet in regular session, Monday evening, Sept. 25, at 7 p. m. in the Bethel Savings Bank. Agenda items will include: a meeting with the Water District Trustees, review and award of police car bids, consideration of CMP pole permit applications, discussion of Timber Sale Agreement for cutting at the Town Farm property, and approval of invoices regarding the Sewer System Study.

The Airport Advisory Committee met Tuesday evening, Sept. 19, at the Town Office. The Committee reviewed a letter from the State regarding the need to remove brush adjacent to the runway to improve aircraft safety and discussed the possible lease of land at the airport for the construction of hangars by private individuals. The next meeting of the committee is scheduled for Wednesday, Oct. 4, at 7:30 p. m. in the Town Office.

Residents are reminded that hours at the Town's Landfill are 9 a. m. to 6 p. m. Monday, Thursday, Saturday, and Sunday. The site is closed Tuesday, Wednesday and Friday.

The 1978-79 Hunting Regulations Summary published by the Maine Department of Inland Fisheries and Wildlife is now available at the Town Office.

DEFENSIVE DRIVING COURSE TO BE OFFERED IN LOCKE MILLS

Residents of the Locke Mills area can register now for a Defensive driving course to be offered during October.

Course sessions will be offered at the American Legion Post Home on Oct. 4, 12, 16 and 18. The course will be taught by Sgt. Eldon Bartlett of the Oxford County Sheriff's Office. Those interested in registering for the course may do so by calling Mrs. Phyllis Coolidge, the Town Clerk in Greenwood, during normal business hours, at 875-2773. The course is being sponsored by the American Legion in cooperation with the Maine Highway Safety Committee.

Bartlett points out that those who complete the course receive a three point credit on the driver license history maintained by the Motor Vehicle Division of the Secretary of State's Office. There is a small tuition fee for those who take the course.

Developed by the National Safety Council, the course is designed to show experienced drivers the preventability of most vehicle collisions and to provide them with specific accident avoidance techniques which they can use to prevent potential accidents from becoming panic situations.

According to Bartlett, there is no course "grade" and no on-the-road driving in the course. "Instead," he says, "we ask students to apply the principles discussed in class to the situations they encounter in their everyday driving."

OSGOOD - BERRY

The spacious grounds surrounding the home of Mr. and Mrs. Francis R. Berry, Newry, was the setting August 26 for the marriage of their daughter, Marjorie Louise Berry, and James Robert Osgood. He is the son of Mrs. Orene Osgood, Oxford, and the late Robert Osgood.

Rev. Thomas Caton, of Bethel, performed the nuptial ceremony. Traditional music was furnished by Mrs. Bruce Glines, at the organ. A home reception, catered by the Bethel Spa, followed the ceremony. The wedding cake was made and decorated by Thirza Herrick.

The bride's polyester gown train was fashioned with a high neckline, graduating into a lace yoke, empire waist, long slim sleeves with lace trim at the cuffs and at the hemline of the skirt. Her fingertip veil, with blusher, was edged with matching lace and caught to a lace caplet. She carried a cascade bouquet of white roses, stephanotis, baby's breath and ivy.

Donna Brooks, Bethel, was maid of honor. Bridesmaids were Denise Berry, Fairfield, and Mrs. Thomas L. Bray, Omaha, Neb., sisters of the bride and bridegroom, respectively. Their nine green sleeveless gowns were fashioned with a scoop neckline, empire waist and A-line skirt. Each wore a matching wide-brimmed hat and carried a colonial bouquet of yellow sweetheart

roses, baby's breath and green-tinted miniature carnations.

Thomas L. Bray, of Omaha, was best man. Ushers were David F. and E. Scott Berry, both brothers of the bride.

Mrs. Scott Berry circulated the guest book. The gift table was attended by Gretchen Wight and Terri Wight.

GERMAN DIARY

Ann Morton

We are gradually becoming oriented in the city and finding out where we are in the American section of Berlin. We are about as close to the state of Maine as it is possible to be here. Less than a quarter of a mile from our apartment the Berlin Wall marks the border of East Germany.

On our first visit to the wall, we climbed up an observation tower from which we could see the old section, no-man's land stripped of all vegetation, one guard tower, and the barbed wire fence close to us. As we looked, we were being watched through binoculars from the tower.

On the way to Stein Stucken, a small group of houses cut off from the rest and surrounded on three sides by the Wall, we stopped again where we could see the huge guard dogs. As soon as we left the car, they began to bark, and they continued until we left. We had no desire to get any closer to them. We also saw one of the crosses erected on the West Berlin side honoring a person who died trying to escape. Many of

these crosses can be found, and they are frequently decorated with wreaths and flowers.

We all came away somewhat subdued and with many questions. It's impossible not to be affected by the Wall and what it represents. That such extreme measures must be taken to keep people in a place where they don't want to be is startling to Americans who are free to travel anywhere at any time they choose.

It may seem odd that life goes on as usual on the West Berlin side of the Wall, at least on the surface. We are aware that it's a situation that exists and could depress anyone who chose to dwell on it. We have to leave it for our world leaders to handle; we, like the German citizens, are grateful that the presence of our military forces can preserve at least part of the city.

Rather than leave you depressed, let me leave you with a thought for the week: When life begins to get you down and things are not going your way, just be thankful for the freedoms that we have as Americans. Many people in this area would be glad to have your problems!

Greenwood City

— Mrs. Colista Morgan, Corres. —

Would you like to turn back the time table to March? Let's do so for a moment. Long ago that was considered the year's first month.

March—Maple syrup, distant gabbles of geese, bloom of skunk cabbage, pussy willows. April—Spring peepers, arrival of flickers, warblers, robins, maples in bloom. May—Green world, willow catkins, too many wild flowers to keep count, fruit trees in bloom, thump of June bugs on windows. June—Surge of green is past, lush meadows, roses in bloom, year's longest span of daylight. July—Wild raspberries, frogs clunking at night, milkweed in blossom. August—Dog days, algae thick in bogs, cowbirds follow cows in pastures, goldenrod in bloom, acorns hanging on oaks, summer wanes. Now it's September. The chickadees are back after being hidden in the woods all summer. Frost has come. How short the review! How short the summer!

Yesterday afternoon, I took a solitary walk. It was a cool, north-west windy day with heavy clouds rolling and tumbling about the sky. There was, too, plenty of genial autumn sunshine. The fields remain green, and the great masses of trees have not yet donned

their many-colored garments. Here and there are some in deep, substantial red. Along the borders of moist land there is a tendency to brighter hues. These hues seem to be thrown together without design, but there is perfect harmony among them for there is a delicacy made of many different brightnesses. Each time I try to describe them and the impression they make on me. I'm always without self satisfaction.

Part way across the pond, among the dying weeds stood the blue heron quietly on one foot. Looking down the end of his bill, he resembled an expert rifleman, with bill as deadly as an assassin's dagger. He was fully mature and was out on a frog and fish hunt.

After traveling three fourths of a mile in the road, I turned left to climb a small hill and to look around. I fell to looking to a shadow cast by a live oak across an opening. How the shadow must change from morning through noon and on hour by hour, edging father and farther away, finally making its escape into the purple hills.

Soon I heard a rustling nearby. As I rose to look, a partridge flew up and away, then was followed by a second. Their thundering pinions seemed to fill the air with a breath-taking roar, bending

twigs to disappear into the shadowy recesses of the forest.

I crossed the clearing to where once flowed a brook but today just a bed of rock remained.

Now out of necessity I walked cautiously for a time and descended gradually the northern side of the hill. I could look over the country of forest, field, and ponds to the distant mountains. A thin curling of smoke rose through the trees from an invisible house.

Well down toward the road again I found a tumbling sea of golden-rods and asters turning the earth to gold and purple. They flowed across the fields and slopes and broke against the stone walls and woods. What a host of insects revolve around them! What bee pastures they provide! On one golden-rod I counted four monarch butterflies; perhaps drifting southward beginning their long migration of fall. They winter in many places, but Pacific Grove, CA., has thousands of them each year. It's a mystery how this beautiful monarch has the ability to return to the same place each fall. These four hung there motionless, drinking the rich nectar.

The heath aster or farewell-sun-mer aster formed a few dense masses, looking as if mounded over with new fallen snow. When this

aster appears on the hillside autumn is in the air.

I now entered the road, homeward bound.

A beautiful walk and a beautiful day but I missed the swallows now gone until another spring.

(Bethel Emergency Ambulance & Rescue Service)

Starting Sept. 26 at Telstar Regional High School at 7 p. m. will be the Advanced First Aid Class. This class runs for 15 weeks. Fee to cover books and equipment will be \$5. Hope to see a lot of you there.

B.E.A.R.S. training on Sunday was a mock accident involving a school bus full of kids and driver. Injuries were made up with a Simulated Casualty Kit, without the knowledge of those participating. Those alerted to the scene were the complete staff of the B.E.A.R.S., Sonny Blake and S. A. D. 44 bus drivers, Bethel Fire Dept., Oxford County Sheriff's Office, Bethel Police and I. W. Andrews Ambulance Service from Woodstock. The training was important because some day we may have to respond to a similar situation for real.

We would like to thank all the wonderful children and parents for helping. (They sure did a good job.) Also our nurses at our make-believe hospital. Many bystanders came in handy too. Also to Robert

mother and father and Ann to celebrate his father's birthday, Saturday evening.

ta Morin for standing by answering the ambulance phone during the exercise.

So, thanks to all who helped in anyway. The training exercise was valuable to all. We hope to have more of this kind of training in the future.

Rita Sweetser has been appointed B.E.A.R.S. secretary for the remainder of the year. She replaces Muriel Whitney who resigned due to ill health.

The monthly meeting was held Monday, Sept. 15, at the C. E. P. Room. Discussed was the mock accident as training.

WALKING WITH JESUS CHRIST
The human tongue—that little
taste and tell muscle in your
mouth—it is priceless—imagine
eating ice cream or having a tur-
key dinner and being unable to
taste it. That little tongue, what-
ever would we do without it—ever
bite it? It hurts—yet sometimes
we say "I wish I had bitten my
tongue rather than to have said
that," my how it says things that
hurt people, and yet it can be
sweet and ever so soothing.

Away back when God gave us
speech—Gen. 11, 1-9, "and the
whole earth was one language, and
one speech"—the people were
proudful and boasting—said they
would build a tower reaching up
to heaven—God became angry and
said "let us go down and con-
found their language that they
may not understand one another's
speech" and He did—at the tower
of Babel—scattered He them ab-
road over the face of the earth.

Our English language with its
twenty six letters of the alphabet
can express our thoughts—the
tongue does it and we hope
thoughtfully and with meaning.
God's Word tells us in James 3
"Behold also the ships, which
though they be so great, and are
driven of fierce winds, yet are
they turned about with a very
small helm"—so, likewise the
tongue affects our lives and the
lives of others—it can be peace-
ful—gentle—of mercy and right-
eousness, from the same mouth
proceedeth blessings and cursings
—it can be unruled and full of
poison—it can be soothing and rag-
ing—full of verbal abuse—mali-
cious and yet charming, filled with
honey and sweet words.

David in Psalms spoke of a de-
ceitful and lying tongue. Proverbs
12:18-19 says "the tongue of the
wise is health—but a lying tongue
is but a moment—Flattery and
falsehoods bring only trouble up-
on our heads—while words of wis-
dom come from God, James 3:17;
"from above are first pure, then
peaceable, gentle and easy to be
intreated, full of mercy and good
fruits, without partiality and with-
out hypocrisy"—verse 18 says
"if there is any bitterness, envy,
strife in our hearts, these are
earthly—sensual—devilish—
there is confusion and every evil
works."

Why not then do as in James
1:26 "Bridle our tongue and do
not deceive ourselves." The Bible
tells us man cannot tame the
tongue—only God can as we read
in Phil. 2:11 "and that every
tongue should confess that Jesus
Christ is Lord, to the glory of God
the Father."

"For he that will love life,
and see good days, let him refrain
his tongue from evil, and his lips
that they speak no guile"—"for
the eyes of the Lord are over the
righteous, and His ears open unto
their prayers, but the face of the
Lord is against them that do evil."
I Peter 3:10-12.

**ONLY TWO PER MOTORCYCLE
STATE POLICE WARN**

Motorcycle operators are ad-
vised that there can be no more than
two people riding on a motorcycle.

"Troopers enforcing the law
are concerned that motorcycle
operators seem not to be aware of
the passenger riding requirements
pertaining to motorcycles, thus an
effort is being made to better in-
form citizens of the law."

Col. Weeks said Troopers are
having to stop motorcycles that
are carrying, besides the opera-
tor, two passengers—with one of
the passengers being a baby or a
young child.

Maine law (Title 29, Sec. 960)
states: "... a passenger may ride
upon the permanent regular seat
if designed for two persons, or
upon another seat firmly attached
to the rear or side of the operator,
and provided with foot rests or
in a sidecar attached to the mo-
torcycle..."

Other materials needed will be
available for purchase at cost.

Stephanie Knight, Extension
Agent, says "the workshops are
planned for two purposes. The first
is to provide leader training to ed-
ucational leaders in the Oxford
County Women's Extension groups.
They, in turn, will lead meetings
in their community. The second
purpose is to have information
meetings for adults on topics
which concern them." A special
invitation is extended to the pub-
lic to attend any of the four
workshops.

The workshops will be at the
Bryant Pond Grange Hall, Sept.
28. Registration is 9 a. m.-9:30
a. m. Workshops are 9:30 to 11:30
a. m. with the exception of the
Dried Flower Lamphades which
will go into the afternoon. Persons
interested are encouraged to pre-
register by contacting the Co-
operative Extension Service, 25

LEAVITT EDGES TELSTAR 6-0 IN SATURDAY FOOTBALL
Jim Irish's 17-yard touchdown run in the second period proved to be the only score of the day as Leavitt nipped Telstar 6-0, in a MVC Valley Division contest at Turner Center last Saturday.

Leavitt piled up yardage consistently throughout the game, but fumbles and Telstar interceptions thwarted all but one scoring drive.

Throughout the day Leavitt moved the ball almost at will on the ground, gaining 223 yards on 51 carries. Two pass completions in nine attempts accounted for 27 more yards.

Telstar amassed only 62 yards in 24 attempts, and hit on one pass in four attempts.

The one Rebel pass completion set up a field goal attempt as two-way performer Mike Rosenberg hauled in a 32-yarder. Rosenberg was a Telstar stalwart on defense, as "the Rebels" middle linebacker.

Secondary man Chip Tracy was also outstanding for Telstar. Telstar will journey to Maranacook in Readfield for a 1:30 contest Saturday afternoon.

Telstar R. H. S. News

Five week end mornings during this school year will probably be especially important to Telstar's juniors and seniors who are thinking about going on to school after graduation.

Those Saturday mornings—the first of which is Oct. 21—are national tests dates for taking the test section of the ACT Assessment Program. The registration deadline for the Oct. 21 national test date is Sept. 22.

Here is the 1978-79 ACT Assessment Program national test date schedule: Oct. 21 (registration, Aug. 7-Sept. 22); Dec. 9 (registration, Oct. 9-Nov. 10); Feb. 10, 1979 (registration, Nov. 27-Jan. 12); April 7 (Jan. 29-March 9); June 23 (March 26-May 25).

At area test centers on those dates it takes students about three hours to complete four exams (English, math, social studies, natural sciences) that make up the ACT Assessment's test section. The other important section is a two-part questionnaire, which is completed at home by students as part of the programs registration process. The basic student fee for using the program remains \$7.50 this year.

Information reports resulting from the test and questionnaire sections are sent to the students and their high school counselors, as well as to colleges and other institutions specifically designated by the students.

Telstar students who are uncertain they need to use the ACT Assessment, or concerned about location of the nearest ACT test center, are urged to contact Mrs. Guinness. Students can also obtain appropriate ACT Assessment registration packets, as well as other college and career planning materials, from the counseling office.

It is recommended that students use the ACT Assessment in their junior year or early in their senior year in order that the resulting information will be available in time to be of maximum assistance to students and counselors. The ACT Assessment Program

Gov. James B. Longley called the Legislature into session and was pushing hard for a constitutional amendment to limit the rate of growth in government spending. Gov. Longley wanted taxpayers to have the opportunity to vote on curbing government spending during this year's general election on November 7.

I supported the Governor's proposed amendment that would have placed a limitation on future spending for all units of government. This would have included local budgets and school districts as well as legislative spending. A spending limitation would have controlled state and local budgets and encouraged the establishment of priorities among existing and new programs. Most of the legislation that was before us would have established a limit on gov-

REALTOR

Be Smart From The Start

A homeowner has a big investment. When the time comes to sell that home, it's mighty important that you sell right....to make sure the investment has been a good one.

If pocketing a broker's commission tempts you, ask yourself if you can afford to let an amateur manage a transaction that involves thousands of dollars: Your dollars! When you want a job done well, you call a specialist. This is standard practice for successful businessmen....why buck success?

Some people try to sell their own property, fail and then list it with a Realtor. In the meantime, they've let the best prospects slip through their fingers. Believe me. List your home with a Realtor from the start and you'll realize as much if not more profit and fewer problems from the sale than if you try to do it on your own. Statistics have proven this over and over again.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel, ME. Phone: 824-2122, 824-2578. We're here to help!

Oxford County fair had beautiful weather for their fair except for rain on Friday. But people didn't mind the rain, I guess they enjoyed it because we need it so badly.

The solicitors for the Sept. 30 supper have been busy. We should have the usual good menu.

Wade Rainey, Floyd Sumner and another fellow cleaned out the well for Eveline Barrett Saturday. The water ran back in fast and at 4 o'clock it was back up to the original mark. They also cleaned out Root Lawrence's well and it ran back in good so must be water somewhere.

Friday night at midnight four State troopers and two ambulances with their sirens wide open rolled into town. A car had run into our new bridge. A few sound sleepers slept right through.

Eveline Barrett called on Joe's sister-in-law, Florence Barrett at Mexico.

Herbert and Jackie Stevens went on a trip, on the week end returning Monday.

Callers at Lawrence's: Mr. and Mrs. Pete Lawrence, Mr. and Mrs. Ellery Lawrence and "Little Pete", Mr. and Mrs. Eddie Heikkinen, Mr. and Mrs. Glenn Emery, Eveline Barrett, Mr. and Mrs. Joe Kalinowski, Mr. and Mrs. Pete Collette, Linwood Buck, Sharon and Jennifer Scherf.

Sunday, Sept. 17, Eveline Barrett, Mr. and Mrs. Ellsworth Lawrence, Lena Dean, Mr. and Mrs. Albert Penley, went to Mr. and Mrs. Pete Collette's camp for a bountiful dinner and a social afternoon on Lake Thompson. Last week Mrs. Collette was at the

bone doctor's office at Lewiston and he told her that her wrist had been set wrong, but she decided not to have it broken and reset. The original break of her arm and wrist occurred in early April 1978.

We were sorry to hear that Mrs. Lula Buck had an emergency operation on Wednesday, Sept. 13 at C.M.M.C., Lewiston, and we sincerely hope she will be the better for it. She has been in ill health for some time.

The frost has nipped the gardens this past week and the leaves in some places are beginning to turn to different colors and it's pickle time again. My alarm clock is working again. When the big yellow bus rumbles by I know that it is 7 a. m., time to rise and shine.

CARD OF THANKS

I would like to thank Dr. Royal, Dr. Jackson, the nurses in I. C. U., and the nurses on the floor at Rumford Community Hospital, family, friends and neighbors for their gifts, cards and thoughtfulness during my recent stay in the Hospital.
